European Young Engineers (EYE) promoted by Paolo Vinduga - May 12 2018 04:36 PM

The second new member of the EYE Council is CQ3T from Spain, represented by CQ3T's coordinator, welcome to the Council. We're looking forward to a good cooperation.

Newsletter First Third 2018

We are happy to present the first EYE newsletter of 2018, covering the first three months of this exciting year. We already have a lot to report and we want to keep this newsletter informative and on point, take a look on our steadily updated homepage for more interesting articles and information.

- Upcoming Events -

First things first. Before summarizing the past three months, we would like to take your attention to some upcoming events in early summer:

EYE Conference

EYE's spring conference 2018 falls under the theme "Sustainable Engineering" and will be hosted by the young engineers' department of Federation of Scientific and Technical Unions in Bulgaria (FMTS).
CONFERENCES

• History of 42 conferences

• Workshops, Key Notes and Industrial Visits as a key element

• Up to 200 visitors

• Networking opportunities, e.g. Gala Dinner
NEXT CONFERENCE

EYE MALTA
EMERGING TECH

4-7 OCTOBER 2018
BECOME A MEMBER!
Join the European Young Engineers to represent young engineers in your country

National Engineering Associations of any discipline can become a member. Contact us via office@eyengineers.eu for more information.

- Free membership!
  Support EYE by sending representatives or hosting conferences

- Simple joining procedure
  Join during next Council Meeting

- Benefits for you…
